

# Who Would You Rather Have On Your Team?

## iNRRTS Registrant

I have provided documentation of 1,000 hours of direct client / patient contact in the previous 12 months

I have completed 10 hours of approved Continuing Education for courses that meet iNRRTS' Core Curriculum criteria in the last 18 months and am required to complete 10 hours of approved continuing education specific to complex seating & mobility each year across the Core Curriculum:

- **Ethics**
- **Funding & Public Policy**
- **Medical Terminology, Vocabulary, Anatomy, Basic Diagnoses**
- **Seating & Positioning**
- **Business**

I provide a client centered service.

I abide by iNRRTS Standards of Practice and Code of Ethics.

I have at least 2 or more years of experience as a seating & mobility supplier.

I am held accountable through iNRRTS' complaint resolution system.

My application to become a iNRRTS Registrant was reviewed by a iNRRTS Regional Review panel who determined that I meet the standards for registration.

## Not an iNRRTS Registrant

I have delivered a few wheelchairs but mostly I have worked with more conventional DME, such as walkers, rollators, canes, beds, etc.

I'm not required to have any formal training

I'm not required to do any continuing education.

My employer did not require any education or training specific to seating and mobility equipment and service.

Without evaluating a client's needs, I might take a competitors specifications or completed order forms and simply undercut the price.
